

## RODEO AUCTION ANGELS

**Mission Statement:** To champion the last lots in the rodeo livestock auctions that typically go unsold, ensuring no hardworking child is left alone on stage.

*Have you ever been the last one picked for a team?*

*Or the kid not invited to the birthday party when all your friends were?*

Then you know the disappointment that kids in the last lots of the livestock auctions feel. These young people have spent months diligently rearing their animals and preparing them for show in hopes of making the auction. The effort required to raise an animal instills in these kids a work ethic and sense of responsibility not found in most of our educational systems. I can't overstate the value that these lessons provide - the same values that you and I have built our lives on.

When they find themselves in the last lots on the auction stage with the room empty and without donors, they are hoping to find someone to purchase their project to help cover their expenses estimated at \$6500 per steer.

We are seeking a select group of select patrons, focused on protecting those that get left behind in the livestock auctions. We will begin by supporting the steer auction, with an eye to expand to additional livestock auctions in the future.

Group sponsors Dana Barton and Tony Bradfield have created an exclusive benefits package that is unlike any other. This is their way of thanking you for your generosity and demonstrating their continued commitment to supporting these dedicated kids and their futures. Some of these benefits have limited availability and are first come, first served; for top benefits please submit commitment by March 1.

*Become an angel today!*
